8TH GRADE STUDENTS

LOUISIANA HISTORY THEATER

TWO LEARNING WORLDS CONVERGE

The LCB Academy of learning will be offering classes to eight grade students who have the desire for advanced learning incorporating a creative format. One hour of Louisiana History combined with one hour of theater will be offered to eighth grade students. If you sing, play a musical instrument, desire to be on stage or just want to take social studies to new levels, you might be an Academy candidate. Your creative ability will be challenged as will your desire to learn the rich, historical and geographical wonders that Louisiana history information has to offer.

TAKE THE CHALLENGE

TRANSPORTATION

Transportation will be provided from your school to the Academy by the Calcasieu Parish School Board. Students who feel they are interested in attending will need to be on the attendance roster before they are allowed on the bus. All students must follow bus rules set forth by the Calcasieu Parish School Board. Students will be returned to their middle school once they have completed their daily classes.

HOURS OF CREDIT

One credit of Louisiana history and one elective (theater) credit will be given to students who have successfully completed both Louisiana History and Theater.
